FIRE ATTACK!, Scene Management

Presenter:

Chief Fire Officer and Fire Chief

Gord Schreiner

Chief Schreiner is a graduate of the JIBC, Fire Service Leadership Diploma program and a 34 year veteran of the fire service. He is a full-time Fire Chief and manager of the very active Comox Fire Training Centre. He has worked part-time for the Justice Institute of BC, Fire and Safety Division for the past dozen years and specializes in teaching safe and effective scene management. He has delivered countless courses all over British Columbia.

In 2004 Chief Schreiner was awarded the Training Officer of BC and JIBC Fire and Safety Division; "Training Officer of the Year" award.

In 2009 Chief Schreiner was awarded the JIBC "Distinguished Alumni Award of Excellence".

Chief Schreiner was recently awarded "National Career, Fire Chief, 2010" by the Canadian Association of Fire Chiefs.

Chief Schreiner understands how small fire departments operate. His style is a simple, no nonsense practical approach leading to students who really "get it" after attending one of his sessions.

Chief Schreiner's key message is one of "firefighter safety" and practical problem solving.

FIRE ATTACK; Scene Management: is a non-accredited, interactive, fast paced program, loaded with relevant and important information including: Building Construction, Communication, Incident Command System, Accountability, RIT, Safety Officer, Rehab, Strategy and Tactics.

Students will participate in interactive tabletop scenarios. This program is centered on safely managing structures fires and is particularly relevant for smaller departments.

This program was developed to enhance fire-ground safety through safe and effective scene management.

Probably the best fire service course you will ever take!!
